RE: Docket 11-65

Dear Chairman Genachowski and Commissioners:

As Mayor of Greene County, I know how important infrastructure is for future generations. Improved wireless internet will be another building block for our region to grow upon. The proposed combination of resources between AT & T and T-Mobile is of great interest to our community because it means jobs, investment and economic growth.

By expanding mobile broadband, AT & T and T-Mobile could provide services and investment in our community that will help create jobs and spur economic growth. By working together, AT & T and T-Mobile will bring high-speed broadband wireless coverage to hundreds of millions of Americans. This proposed merger is a way to help Greene County increase prosperity and create jobs.

Again, I urge you to approve this proposed merger.

Sincerely,

Alan D. Broyles
County Mayor
